Contract of Confidentiality

CDA staff and advisers undertake to treat all information given by clients, in the course of seeking advice, as strictly confidential. At no time will this information be released to a third party without prior consent.

However, the CDA requests the permission to create a working title, which will be used in conjunction with the postcode of the client, details of what stage of development the group is at and how many jobs it may create, with the management board of BRAVE and, where appropriate, funding organisations.

Once a co-operative is registered we request permission to publish the name, contact details & a short description of the co-operatives activity or services in the yearly co-operative directory and other relevant CDA information.
